Organizing Legislature.

crats in the legislature to control

It was fortunate that the members of the senate had a caucus and agreed for positions in that hody, and abide by the caucus result also in the nomination of candidates for state

none too soon. The apostles of dissension were already spreading a crats might make an unboly alliance with the Republicans and throw the state in fact into the Republican

for president. They elected five of war. They elected a governor and railroad commissioner, and succeeded in electing three Republicans from senatorial districts usually regarded as safely Democratic

It would seem that they fared quite well enough. Certainly they were not asking for anything additional, but it would be unnatural for them to reject an offer to add to the list of those of the state officials who are

We have heard a good deal of talk politicians to use in celebrating their overwhelming defeat.

The legislature is going to be organized by Democrats, as it should be. The Democratic party is responsible to the state for legislation, and it can not escape the moral obligation that rests upon it as a traditional Democratic state. We might as well make up our

minds that the Republicans are gosee in the future. The debacle we satisfy personal spite and spleen. If persons such as those that dominated bership consisting solely of those be impossible to overestimate.

shaping the futific of the state organization.

Help This Cause.

Friday and Saturday nights of this week the Parent-Teacher federation presents a musical comedy of unusnal merit, for which iteraquests the patronage of the public.

It me a right to mak the support of the public. It is given in the interest of a good cause. The procesds will be used in purchasing book for the children who need shoes and stockings and clothing and other articles that every child must have in order to be able to attend the public schools, even if the tu-

sion for providing educational opportunities for the youth. And the It has a law requiring every child

if has a law requiring the schools of a given age to go to schools and tracks were handled direct by the 42 dealers who came to Lansing in two special cars. if it is free. There are other considerations with which the state can not be expected to concern likelf. It is with these intimute subjects that the Parent-Teacher federation with motorcycles and interests itself. It is doing a won-

able work. One way to help and ncourage the good women is atronize the affair this evening. It the first fime they have appealed the public, notwithstanding they re called upon every day to render ssistance to the unfortunate

Our Own Doctrine

"Confronted with the dilemma

hat was enunclated without conulting any other country and withut asking the permission of any ther nation.

The thoughts we had at that time nd our opinion still, have been American republic need worry about hat which La Nacion calls a di-

all. These republics will suit themselves about adhering to or aban addition to such other devilment as doning the Monroe doctrine. That would be possible under a regime doctrine can be abandoned by only ene country, and that is the United States of America. It is never going to be abandoned by the United States. The people, by a majority of many millions, have just voted to

sold it fast. "If all the republics of South america and Central America voted unanimously against the Monroe docrine their action would not affect he validity of the policy. For the donree doctrine is not a 'regional' ontent to have it described in his evenant. It is a national policy of the United States. It is a national nemisphere shall not be subject to European political intrigué.

The people of this republic have ong been glad that the people of South America and Europe for nearly a century, is our wall; and although other republics may enjoy its protection nobody can remove a stone of it except ourselves."

QUESTIONS AND ANSWERS

Q.—Is a Jew born in English a Jew or an Englishman?—G. B. W.
A.—The question confuses race with actions fifty or citizenship. A man of Jexbs, race remains a Jew wherever is cay be born, but he owes allegument of and may have the privileges of citizenship in the country of his birth.

Q.-What is the origin of the word subotage?"-O, G. Q.—What is the origin of the word "subotage" "-O. G. A.—"Sabotage" is a French word meaning "the willful and underhand destruction of machinery by workmen during labor troubles," and is derived from the French word "sabot" meaning. a "wooden shoe." French workmen wors these shoes and it was possible to interfere with the work of the factory by throwing a sabot into the machinory.

Q.—What is the difference between mbfeasance, malfeasance and nonfeasance?—E. M. B.

A.—Misfeasance means misguided practice; malfeasance, infentional wrongdoing in office, and nonfeasance, conperformance of duty in office.

Q -Are awans ever used for food?-

R. E. M.

A.—In some countries, particularly England, a few of these birds are kept among a flock of geese, and the young called "cygnets," are killed for catting. The flesh is too highly flayored to make them popular table birds, but some persons consider them a delicacy.

C. What overnigation is it that

Q.—What organization is it that laces Bibles in hotel rooms throughout be country?—J. H. L.

A.—This organization, which is comlemma, for it is not a dilemma at

Q.—Are the smokestacks on a battlehip upright or stanting?—H. S. G.
A.—The navy department says that
m all present moues of battleships the
mokestacks are placed upright. There
are some old models on which the
mokestacks were stanting.

Q.—How much money does the federal covernment contribute to the public chools?—H. F.

A.—Plate glass is not blown as ordi-bry window glass is, but is poured out a mosten mass on a flat table, rolled a Luriy even surface, then ground and possibled, so that the thickness of my one piece is uniform.

Q.—What is the young of the deer called?—I. M. V. A.—The young of this species of ani-mal is called a fawn. Q .- Was Wheeling ever the capital of

Q.-What is Harding's favorite flow-?-R. G. A.—The chrysanthemum is said to be a favorite flower of our president-

round tank?—F. W. J.

A.—The bureau of mines says that use by evaporation when gasoline is roperly stored in an underground tank very small. Most dealers figure that per cent would cover all losses.

Q.—What is a water volcano and those is there one?—K. K. B.

A.—A review might be seen.

stamps for return postage on a free copy of a Map of the New

that there was an act of congress which made Indians who served in the late war citizens of the United States, but did not make those who served in the Spanish-American war citizens.

Q.—How much money does the federal overnment contribute to the public choels?—H. F.

A.—The burean of education says that 1918 the federal government disbursed 1918 the federal government disbursed 1688,386 for auch purposes, being one in the filp per cent of the expense of an epublic elementary and secondary chools of the country.

Q.—How is plate glass made?—A. N.

Q.—Is there such a thing as a varnish tree?—G. A. R.
A.—This name is given to several trees because their resinous juice is used for varnishing or lacquering, India, Japan, Java, Sumatra, Borneo, Celebes and other East Indian islands are the homes of these frees.

Q.—Has any substance been found which is absolutely cold?—T. S.
A.—The bureau of standards says that heat is a property possessed by all known substances. Heat and cold as ordinarily gised are relative terms. A cold body possesses less heat than a hot one. Absolute celd would be found at the absolute zero of temperature which has never been renched fin scientific researches. At this temperature, all known gases would cease to exist as such, and be changed to liquids or to solids.

and kneading, starting baking with over a per cent would cover all losses.

Q.—What is a water volcano and hope is there one?—K. K. B.
A.—A geyzer might be termed a water volcano. In fact "Old Falthful," a Yellowstone National bark, is sometimes styled the "water volcano."

Q.—Why is the word "picnicking" pelied with a "k?"—W. C. B.
A.—The letter "k" was introduced to the word "picnicking" in order to arden the sound of the "c." If the ord were spelled "picnicking" in order to arden the sound of the "c." If the ord were spelled "picnicking" the "c" ould be soft like an "s," since it would to followed by a Yowel.

Q.—Can you tell me which was the

be followed by a vowel.

Q.—Can you telt me which was the best paid army during the late war?

H. L.

A.—According to statistics which have been compiled, the Australian government paid its soldiers the best salaries during the world war and the United States was second on the list.

Q.—Why are Indians who served in the late war citizens, while those servence in the late war citizens, while those servence in the Spanish-American war are not?—G. S. D.

A.—The office of Indian affairs says

Nurse Jane, for some of those branches of red foliage berries are hard to break."

A little later Uncle Wiggily and Nurse Jane two weeks to gather branches, leaves and the red plumes of the sumach with which to decorate the hollow stump bungalow. What Nurse Jane wanted most of all were some bright, red berries.

What Nurse Jane wanted most of all were some bright, red berries and there some bright, red berries and there some bright, red berries. But if the ball of varn deem't get that grow in clusters on certain woods all were some bright, red berries. But if the ball of varn deem't get walked along, they looked anxiously and the grashopper mouse.

HOROSCOPE

SATURDAY, NOVEMBER 13, 1920, by the McCure News-

Dear Mrs. Thompson—I am a young piri 19, and am keeping company with a young man of 25. I am not engaged yet, for I think I am rather young. The question is, is he the kind for me? He has sown wild oats a good many times, so I consider myself above him. Of course you know there are very few boys who haven't this day and time.

PARTICULAR.

If you consider yourself above the young man, which you probably have every right to do I be has been wasting his time on a crop of wild oats, you had better not marry him, because the one necessary thing in matrimony is to have respect for the man. I would have young boys start their wild oat sowing entire by through ignorance and not because they wish to do this, and we must not be unforgiving, but before marrying one of the "sowers" a girl should know that he has a clean health certificate from a reputable physicianse If you are anything for this man, impress from the latters has a clean health certificate from a man impress from the will give you wish to consider the sand we must not be unforgiving but before marrying one of the "sowers" a girl should know that he has a clean health certificate from a reputable physicianse If you are anything for this man, impress from a man the processory thing for the kind of man upright life from now on.

Dear Mrs. Thompson—Is it wrong for girls at the ages of 18 and 20 to go to
